

Welcome to IDEaS SmartSpace

November 2024

We continuously work to expand the capabilities of IDEaS solutions to address your needs and improve your overall experience. With our ongoing commitment to incorporate user feedback in our solutions, we are pleased to announce the November 2024 Release of IDEaS SmartSpace.

What's New?

November 2024

Database Setup – Merge Function Rooms

When you rename a function room in your Sales and Catering system, both the old function room and the new function room display in SmartSpace, appearing as two separate rooms. As a User Manager or Client Admin, you can use the Merge Function Rooms option to combine the rooms and merge their history. You also have the option to merge configuration data.

When you're done, you will have only the new function room with the complete history, including booking and historical data. Throughout the application, you'll see an indicator for merged rooms (ⓘ). Contact SmartSpace Support to discuss this functionality.

Pricing Strategy – User-Defined Tab

You can now add a custom tab to your Pricing Strategy page. Select one or both options to add custom tabs to your Pricing Strategy page. The tab reflects either the Meeting or Rental/Catering functionality, respectively. The name that you enter in Database Setup, Settings tab, displays as a new tab on the Pricing Strategy page so that you can manage another Pricing Strategy category.

Performance - Revenue Stream options

You now select the Accommodations option from the Revenue Stream filter on all the Performance pages:

- Conversion by Arrival Date
- Conversion by Create Date
- Space Utilisation

For the Conversion reports, this replaces the “Include accommodation revenue” option.

Business Pace - Revenue Stream options

Previously, you had an “Include accommodation revenue” option on the Business Pace pages. You now select the Accommodations option from the Revenue Stream filter, for the following:

- Year on Year Revenue
- Business Pickup

We sincerely thank you for choosing IDeaS as your partner and appreciate your support in helping us enhance your Meetings & Events operations.

Sincerely,

IDEAS PRODUCT MANAGEMENT TEAM
